Dear Sir

I write with the hope of securing your services to deliver one or two (two if you can) lectures, before the "Richmond Young Men's Christian Association" during the coming fall, winter, or spring, as may best suit your convenience.

Any Scientific Philosophical or literary subject suitable for a popular lecture will be acceptable. I trust your visit here last fall has so favourably impressed you with our City as to incline you to wish to come and you may rest assured of a cordial reception whenever you can repeat the visit. Please

let me know at your earliest con-  
venience whether we may expect you  
and you can fix your own time  
for coming -

very truly and sincerely  
your friend
